AI Interviews You

Let AI interview you and create a page for you

- Open ChatGPT, Claude, or Gemini on the web
- Paste the Interview Prompt (copy-paste from screen)
- Answer 4 quick questions (mostly multiple choice)
- Shortcut on Q3: drop in your CV or LinkedIn PDF
- The AI returns an index.html with your page
- Copy the index.html code block it returns
- Save it as an .html file and open it in a browser
- Push to GitHub Pages using the Deploy to GitHub steps
