AI BADGE

Victor del Rosal

Coding with AI

What you will need for this exercise

- Free ChatGPT account (www.chatgpt.com)
- Download and Install Sublime Text (https://www.sublimetext.com/download)
- Create an **ai-projects** folder in your computer

Individual Exercise

Ask ChatGPT (or your LLM of choice):

Code my very first Hello World page in under 50 lines of code that includes a button and some movement. Output as a single-file HTML, JavaScript, CSS.
